

OSL Silicone Oil

OSL is a high quality multi-purpose mechanical lubricant. Provides long term lubrication for line printers, keyboards, platens, bearings, etc. OSL may also be used as a release agent in moulding and casting operations.

- High quality silicone spray; available in aerosol form for quick, clean and efficient application
- Excellent water repellence; ideal for all general and light duty mechanical lubrication purposes
- Excellent electrical insulating compound and sealant; not suitable for use on electrical contacts
- Excellent lubricant with good adhesion; can also be used as a release agent in casting applications

Typical Properties

Colour	Colourless
Density (g/ml)	0.90
Flash Point (°C)	>250
Viscosity (cSt @ 20°C):	200
Pour Point (°C)	<-45
