

N2000ADP/K

- * Adaptor for N2004 and **N2014** Diligence EV data loggers
- * Connects up to 3 probes to N2004 or **N2014** Diligence EV data loggers
- * Lumberg connector between adaptor and logger plus 3 sub-miniature sockets for type K probes
- * Shown here with a typical range of type K probes:-

PK23M - oven/meat probe ideal for monitoring smokers and ovens in all cooking processes, easyclean stainless steel barrel and sub-miniature connector

AK28M - air probe for checking ambient temperatures in all applications

SK23M - surface probe with 90° crank, ideal for griddles and cooking surfaces
