RS Pro Extension Bar

RS Stock No: 912-5439

The RS Pro extension bars are designed to add length when used with ratchets or breaker bars. These quality extensions improve the torque delivery when loosening and tightening fasteners. Exceptional strength and durability offers long life usage.

Specification:

- Extension bar
- 1/2 in Drive x 250 mm

Features:

- Made from Chrome vanadium
- Matt finish
- Adds length to access hard-to-reach fasteners
- Knurled bands offer a nonslip grip for turning loosened fasteners by hand
- Detent notches in drive ends lock onto ratchets and breaker bars
- Strong and durable
