RS Pro Sponge

RS Stock No: **266-4331**

Product Details

RS Pro ESD cleaning sponge is non-linting, due to interconnected pore structure. This non-linting sponge supports fast water absorption while remaining resistant to solvents. The sponge is suitable for use on high precision component, including magnetic heads and printed circuit boards.

Features and Benefits

- Non-linting sponge, due to interconnected pore structure
- Fast water absorption
- Ideal for use on high precision components, including magnetic heads and printed circuit boards

Specifications:

Type	Sponge
Average Pore Diameter	60 µm
Hot Water Resistance	+60 to +80°C
Porosity	88%
Size	125 x 85 x 35 mm
