Disposable Heel Grounder

FEATURES:

The disposable heel grounder is designed for plant visitors and other temporary workers who enter static controlled areas. It is made from antistatic fabrics and provides safe and effective resistance. The disposable heel grounder uses the conductive yarn in the antistatic fabric to create and maintain electrical contact between the ground and body and can optimise static dissipation.

- Easy to Use / Comfortable to Wear / Economic Cost
- Non-Marking
- Surface Resistivity 10^5 /sq

CONFORMS TO ESD S20.20 AND EN 61340-5-1 ESD.
