

## TECHNICAL DATA SHEET

ENGLISH

### RS 136-8537 High Grade Cleaning Fluid

RS 136-8537 is a high quality cleaning solvent developed for use on all magnetic tape heads to ensure peak response and high quality reproduction. It loosens and removes accumulated deposits of dirt and tape oxides.

#### Typical Properties

Appearance:	Colourless Liquid
Density:	0.6 g/ml
Flashpoint:	< -45 °C

#### Product Use

RS 136-8537 is suitable for cleaning magnetic tape heads on video, tape, cassette and audio recorders etc. (Data processing, word processing, computers etc.). Can be used on plastics and rubbers – testing before use is applied.

#### Application

Spray fluid directly onto the heads to be cleaned. If necessary the head may also be wiped with buds or lint-free cloths saturated in solvent. The solvent will quickly evaporate, rapidly returning the unit to operation. Do not use on live equipment and ensure that all solvent has evaporated before connecting to the power supply.

#### Packaging

200ml Aerosol

#### Order Code

RS 136-8537

#### Shelf Life

36 Months
