

TENSATOR®

RB1 RollabARRIER®

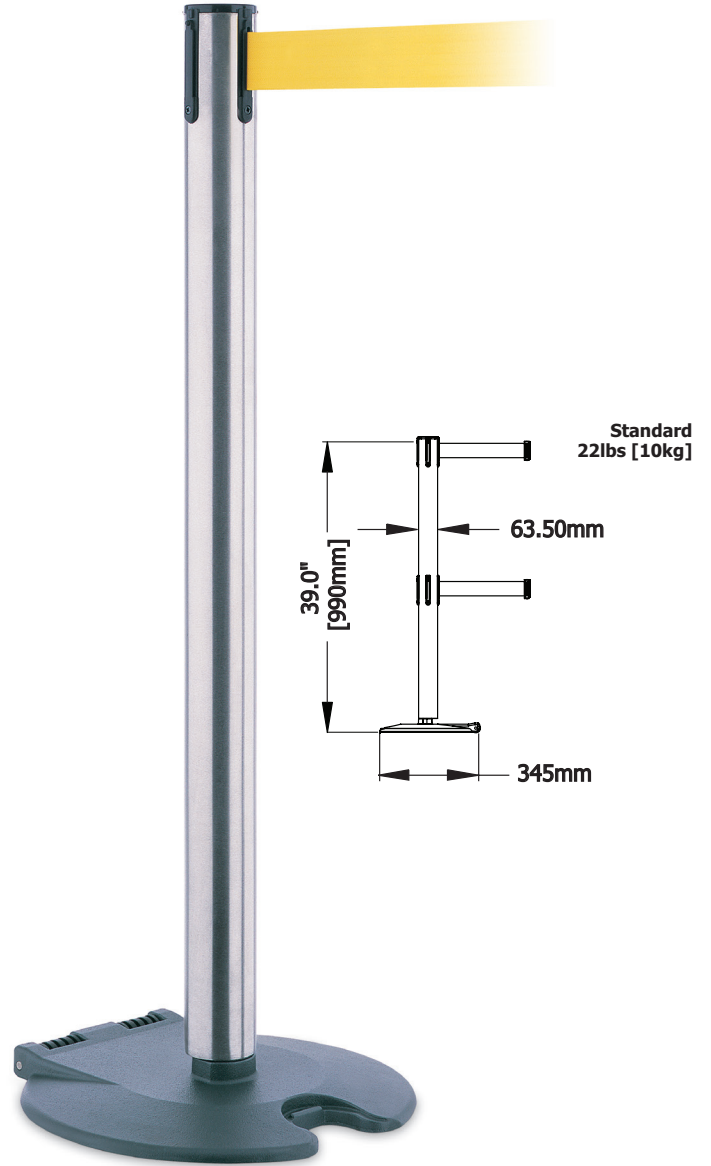

The patented RollabARRIER® system is both portable & stable. Featuring two wheels, which allows quick & easy movement of the posts.

Features

- Up to three posts can be stacked together for easy deployment & compact storage
- Wheels enable easy movement of the posts
- Post available in the full range of colours & finishes
- Modular cassette design offering four-point anti-tamper connection as standard
- RollabARRIER base is available in Hammer Grey as standard
- Constant torque webbing retraction
- [REDACTED] tape ends for user specified applications: Anti-tamper, [REDACTED]
- 2.3m [REDACTED] webbing options
- Accommodates the full range of sign holders

Benefits

- Takes up to 50% less storage than a standard post
- Stackable for easy storage & movement
- The posts don't have to be lifted to be moved, simply tip back onto the wheels and guide away
- Very easy to move up to 3 units at one time
- Ideal for ever changing queue layouts
- The ultimate in flexibility, the TensabARRIER® is easy to set up and simple to store
- Guide & inform your customers & employees
- Easily achieve the optimum queue layout for your floor space
- Reduces customer stress by removing ambiguity as to where the customer should queue and by providing separation between individuals and queue lines
- Durable & hardwearing dye print that does not scratch or deteriorate
- Digitally printed webbing offers branding opportunities

Applications

- Very popular within the airport sector
