

AGENT 1 FOCUS TORCH

Product Name:	Agent 1 Focus Torch
Part Number:	1600-0052
EAN Code:	4013674025879
Package Size:	4

Product Description:

The Agent 1 Focus is a high performance torch with beam focusing for professional use.

It is easy to focus the torch and can be operated with one hand if required.

This torch features the latest digital LED technology with a 3W LED that provides a strong, consistent beam of light both close up and from afar.

This torch is made of aircraft style aluminium and is both shockproof and splash proof to IP54 making this ideal for use in harsh environments.

The torch features multifunction push button operation, with on, off and Morse code settings.

This torch will last approximately 7 hours of continuous use, has a lighting range of approximately 125m (ANSI FL1) and 160 lumen brightness.

This torch includes two sets of 3x AAA size ANSMANN alkaline batteries.

ANSMANN offer a 5 year warranty with this product.

Optional accessories are available.
