

STANLEY

STANLEY Pocket Folding Safety Knife

0-10-243

Features:

- Auto retract for safety
- Folding knife fits in the pocket and 2 safety cues
- High visibility allows knife to be easy to spot
- No tools required for blade change means less downtime

Description:

The STANLEY Pocket Folding Safety Knife has an auto retract blade system where the blade automatically retracts when not in use for added safety. The knife is able to fold conveniently and neatly, allowing for safer storage. The highly visible red finish means it is easy to spot. Blade change has been made quick and easy for less downtime.
